Dave:

Attached are two versions of our draft AFO general permit to renew General Discharge Permit for Animal Feeding Operations MDG01 for your review and approval. One version shows all of the modifications that were performed to the existing permit and the other with the changes accepted. We are looking forward to our meeting next Thursday, June 26th at 12:30 PM in your offices to discuss these changes. We are on a tight schedule and would like to proceed with our public participation process as soon as possible and would appreciate your help in this matter.

If you have any questions, please contact me.

Thanks, Gary
